“ So sorry to hear of Roger's passing. Many of us at Nordson have very fond memories of his many years in engineering. My own memories include Roger patiently working with me to "learn the ropes" as a young engineer starting out. He left a void when he retired. Thoughts and prayers with the Ziecker family.

“ Lori & family,

We are so saddened to hear of Roger's passing. Talked to him about a week ago, and thought he was better because he was sounded so upbeat, as always. We (both my wife, Ruth, and I) were long, long time friends going back to Edwards AFB in 1960. Roger was assigned to train me as a young green draftsman just out of basic training and tech school. He became my mentor in other ways as well, and we bonded and became fast friends, at least until we were both transferred. Lost track of each other for years, but 50 years or so later, we reconnected and renewed our friendship until he passed. Roger was the kind of friend you just don't forget.

Our prayers are with you, Lori and family, as you deal with losing Roger. As you said, Lori, he is now at peace and in no pain. God bless you all.

Love,

Ruth and Jim King
